The Lake Kezar Country Club is nestled in the foothills of the White Mountains in Lovell, Maine. The original 9 holes of this gem of a course were designed in 1924 by Donald Ross, with nine more holes added in 1998.
The challenges and beauty of these 18 holes as they wind their way through brooks, stonewalls and majestic Eastern white pine, are never-ending.

13th Annual Harrison Village Library GOLF TOURNAMENT

Golfers. Sponsors. Donors.
We Want You!
We Need You!

Every year the Harrison Village Library receives a portion of their operating budget from the town. We are grateful for the significant contribution they make, but our small organization must fund raise an additional $30,000 to meet our annual financial obligations. That's why this golf tournament is so important to the well being of our library and our community.

Please participate as a player or be a hole sponsor or donate a gift or service. It's easy to participate at any level. Please give and contribute to the continuing success of our local library.

Thank you!
